Leadership

2019-03-18

a much loved highly regarded leadership text which provides a refreshing counterpoint to traditional textbooks it is not a typical textbook but rather presents a new framework for understanding leadership

Leadership

2013-09-18

when simon western's leadership text first published it received rave reviews from students academics and practising leaders and managers all over the world written in an accessible style the book challenges the notion of the individual or hero leader western develops the idea of leadership as a distributed process and provides a new framework for understanding and implementing this part one deconstructs leadership providing a critical review and analysis of the key debates within leadership part two reconstructs leadership revealing the three dominant discourses of the controller therapist and messiah and eco leadership discourse eco leadership captures new leadership ideas and practices for twenty first century organizations this widely anticipated second edition has been updated in line with recent events and the latest practice and research with end of chapter questions encouraging reflection on key issues this insightful and inspiring text draws on western's diverse consulting experience combining theory and practice to offer insights into the real challenges facing leaders today it is ideal reading for mba and postgraduate students of leadership ob and hrm as well as practising managers and leaders an electronic inspection copy is available for instructors

Reward Management

2004-08-02

there have been fundamental changes in remuneration practices in the uk over the last quarter century with a substantial decline in collective bargaining as the major method of pay determination and the growth of more individualistic systems based on employee performance skills or competency this new text which includes chapters by major uk academics and consultants who are specialists in the reward management field is the first to adopt a critical and theoretical approach to these changes in reward systems it covers the institute of personnel and development's reward syllabus but unlike other reward books takes a thematic and theoretical approach to the material

Coaching and Mentoring

2012-07-18

coaching is often discussed as if it is a new profession without adequate attention to how it has evolved what underpins its practice or its training methods situating coaching in a wider social and historical context coaching and mentoring that contemporary coaching theory is more a collection of models and approaches mostly transferred from psychotherapy theory coaching claims to liberate creativity but can also entrap us by individualizing social experience this vital new book brings a fresh and critical perspective on coaching and mentoring challenging its normative assumptions and narratives and proposing an ethical and emancipatory approach that takes it beyond instrumentalism and individualism

Critical Bodies

2007-11-28

the concept of textuality in recent decades has come to designate a fundamentally contested terrain within a number of academic disciplines how it came to occupy this position is the subject of john mowitt s book a critical genealogy of the social and intellectual conditions that contributed to the emergence of the textual object beginning with the tel quel group in france in the sixties and seventies mowitt s study details how a certain interdisciplinary crisis prompted academics to rethink the conditions of cultural interpretation concentrating on three disciplinary projects literary analysis film studies and musicology mowitt shows how textuality s emergence called into question not merely the relations among these disciplines but also the cultural logic of disciplinary reason as such at once an effort to define the text and to explore and extend the theory of textuality this book illustrates why the notion of interdisciplinary research has recently acquired such urgency at the same time by emphasizing the genealogical dimension of the textual object mowitt raises the issues of its antidisciplinary character and by extension its immediate pertinence for the current debates over multiculturalism and eurocentrism innovative historically astute and theoretically informed this important book will be indispensable reading for all scholars in literary and cultural studies

Reading Photography

2011

in this book itzhak benyamini presents an alternative reading of genesis a close textual

analysis from the story of creation to the binding of isaac this reading offers the possibility of a soft relation to god not one characterized by fear and awe the volume presents don abraham quixote not as a perpetual knight of faith but as a cunning believer in the face of god s demands of him benyamini reads genesis without making concessions to god asking about him before he examines the heart of adam noah abraham and the other knights of faith if they are really that in this way the commentary on genesis becomes a platform for a new type of critical theology through this unconventional rereading of the familiar biblical text the book attempts to extract a different ethic one that challenges the kierkegaardian demand of blind faith in an all knowing moral god and offers in its stead an alternative everyday ethic the ethic that benyamini uncovers is characterized by family continuity and tradition intended to ensure that very axis familial permanence and resilience in the face of the demanding and capricious law of god and the everyday hardships of life

Text-Critical and Hermeneutical Studies in the Septuagint

2012-11-23

ronald s hendel offers a careful and thorough re examination of the text of genesis 1 11 he takes a strongly positive position on the value of the septuagint as a reliable translation of its hebrew parent text this position is contrary to that taken in most existing studies of the text of genesis including some in standard editions and reference works nevertheless hendel shows there is an accumulating mass of evidence indicating that his position is correct hendel begins with a discussion of theory and method and points out the lessons to be learned from the new biblical manuscripts discovered at qumran he goes on to argue for the preparation of eclectic critical editions of books of the hebrew bible a task long pursued in classical new testament and septuagint studies but still highly controversial with respect to the hebrew scriptures the critical edition of genesis 1 11 which follows is hendel s first step toward such a comprehensive task

Postmodernism: Critical texts

1998

a stark departure from traditional philology what is authorial philology is the first comprehensive treatment of authorial philology as a discipline in its own right it provides readers with an excellent introduction to the theory and practice of editing authorial texts alongside an exploration of authorial philology in its cultural and conceptual architecture the originality and distinction of this work lies in its clear systematization of a discipline whose autonomous status has only recently been recognised at least in italy though its roots may extend back as far as giorgio pasquali this pioneering volume offers both a methodical set of instructions on how to read critical editions and a wide range of practical examples expanding upon the conceptual and methodological apparatus laid out in the first two chapters by presenting a thorough account of the historical and theoretical framework through which authorial philology developed paola italia and giulia raboni successfully reconceptualize the authorial text as an ever changing organism subject to alteration and modification what is authorial philology will be of great didactic value to students and researchers alike providing readers with a fuller understanding of the rationale behind different editing practices and addressing both traditional and newer methods such as the use of the digital medium and its implications spanning the whole italian tradition from petrarch to carlo emilio gadda this ground breaking volume provokes us to consider important questions concerning a text s dynamism the extent to which an author is agentive and most crucially about the very nature of what we read

Letters ...

1969

ezekiel is one of the few books of the ethiopic old testament of which no critical edition has hitherto existed and the aim of this work is to fill that gap it provides a critical edition of the oldest accessible text of the geez version and is based on a collation of fifteen manuscripts the ethiopic version is a daughter version of the septuagint and the work sheds light on the character of the original translation and on its subsequent history the latter included the revision of the translation in the early mediaeval period which was in part influenced by a syriac based arabicversion and a further revision of the translation based on the masoretic text

Management

1999

it is often assumed that picturebooks are for very young readers because of their emphasis on the illustrations and their scarcity of text however there are increasing numbers of picturebooks where the age of the implied reader is questionable these are picturebooks whose controversial subject matter and unconventional often unsettling style of illustration challenge the reader pushing them to question and probe deeper to understand what the book is about in addition to the book challenging the reader the reader often challenges the book in an attempt to understand what is being said these increasingly popular picturebooks work on many different levels they are truly polysemic and worthy of in depth analysis they push the reader to ask questions and in many instances are intrinsically philosophical often dealing with fundamental life issues challenging and controversial picturebooks examines these unconventional non conformist picturebooks considering what they are their audience and their

purpose it also considers children s and adults thoughts on these kinds of picturebooks how challenging and unsettling wordless picturebooks can play with the mind and promote philosophical thought what creates non conformity and strangeness is it the illustrations and their style the subject matter or a combination of both why certain countries create promote and accept these picturebooks more than others why certain picturebooks are censored and what factors are in play when these decisions are made the role of publishers in translating and publishing these picturebooks children s creative and critical responses to strange unsettling and often disturbing visual texts this inspiring and thought provoking volume explores the work of a number of highly respected international picturebook experts and includes an exclusive interview with the legendary klaus flugge managing director of andersen press one of the few remaining independent children s book publishers in england it is an indispensable reference for all interested in or working with picturebooks including researchers students in higher and teacher education english advisors inspectors literacy consultants and classroom teachers
