Unpacking the Collection 2011-06-27 museum collections are often perceived as static entities hidden away in storerooms or trapped behind glass cases by focusing on the dynamic histories of museum collections new research reveals their pivotal role in shaping a wide range of social relations over time and across space the interactions between these artefacts and the people and institutions who made traded collected researched and exhibited them have generated complex networks of material and social agency in this innovative volume the contributors draw on a broad range of source materials to explore the cross cultural interactions which have created museum collections these case studies contribute significantly to the development of new theoretical frameworks to examine broader questions of materiality agency and identity in the past and present grounded in case studies from individual objects and museum collections from north america europe africa the pacific islands and australia this truly international volume juxtaposes historical geographical and cross cultural studies this work will be of great interest to archaeologists and anthropologists studying material culture as well as researchers in museum studies and cultural heritage management

Drawings by Michelangelo in the Collection of Her Majesty the Queen at Windsor Castle, the Ashmolean Museum, the British Museum and Other English Collections 1975 molecular biology has revolutionized our understanding of animals and their evolution in this very short introduction peter holland provides an authoritative summary of the modern view of animal life its origins and the new classification resulting from dna studies

A Catalogue of Paintings in the Collection of Louis and Mildred Kaplan 1950 what would you like to collect a collection could be a group of old pots in a museum or oak leaves picked up on a woodland walk some collections are put together over a lifetime while others last for a single afternoon you might be a sucrologist collecting packets of sugar or perhaps you d rather collect stamps matchboxes or even memories nina chakrabarti author of hello nature and my wonderful world of

fashion invites you to explore different kinds of collection in this new beautifully illustrated book as you go through the pages you can complete and personalise the collections with beautiful stickers spaces to write or draw and even a special envelope for you to start a collection of your very own

Catalogue of Paintings ... in the Collection of the Hispanic Society of America: 16th, 17th, and 18th centuries 1929 in the short period between the late 1960s when the national gallery of australia project received the go ahead from government and its opening in 1982 the national collection of art took shape twenty years later this book of essays tells how the various collections which make up the national collection came into being and the way they continue to evolve the authors include the gallery s three directors and another three young men when the gallery opened who are now gallery directors themselves others close to the circumstances of the beginnings of the collections provide insightful commentary the stories included are as varied and full of interest as the collections themselves

A Catalogue of Paintings in the Collection of Jules S. Bache 1929 winner of the prix anas nin jeanne moves from room to room in the anonymous hotel bedrooms of paris hotel agate hotel prince albert hotel prince monceau hotel coypel hotel nord champagne she undresses man after man forgetting faces names pleasures thoughts and all physical attributes but one in her head a palace of memories is being built image by new image lover by new lover there is no pathologizing jeanne she resists it there is no way to impose a story on jeanne she escapes it there is no pitying jeanne no lusting after jeanne no uncovering the secret to jeanne she won t allow it jeanne moves from room to room

Catalogue of Paintings in the Collection of Mrs. Benjamin Franklin Jones, Jr., at Sewickley Heights, Pennsylvania 1934 this is the most comprehensive dictionary available on comic art produced around the world the catalog provides detailed information about more than 60 000 cataloged books magazines scrapbooks fanzines comic books and other materials in the michigan state university libraries america s premiere library comics collection the catalog lists both comics and works about comics each book or serial is listed by title with entries as appropriate under author subject and series besides the traditional books and magazines significant collections of microfilm sound recordings vertical files and realia mainly t shirts are included comics and related materials are grouped by nationality e g french comics and genre e g funny animal comics several times larger than any previously published bibliography list or catalog on the comic arts this unique international dictionary catalog is indispensable for all scholars and students of comics and the broad field of popular culture

A Catalogue of the Collection of American Paintings in the Corcoran Gallery of Art:

Painters born before 1850 1966 in the winter of 1886 87 during his stay in paris vincent van gogh bought 660 japanese prints at the art gallery of siegfried bing his aim was to start dealing in them but the exhibition he organized in the café restaurant le tambourin was a total failure however he was now able to study his collection at ease and in close up and he gradually became captivated by their colourful cheerful and unusual imagery when he left for arles he took some prints with him but the core remained in paris with his brother theo although some prints were later given away the collection did not disperse this book reveals new analyses of the collection now held in the van gogh museum given as a long term loan from the vincent van gogh foundation the authors delve into its history and the role the prints played in van gogh s creative output the book is illustrated with over 100 striking highlights from the collection

An Important Painting by Pontormo, from the Collection of Chauncey D. Stillman 1989 suggests what to consider when selecting a hamster for a pet and explains what it needs by way of housing food health care and activities

My Collection of Collections 2017-08 this student friendly book is designed for a course in data structures where the implementation language is java the focus is on teaching students how to apply the concepts presented therefore many applications and examples are included as well as programming projects which get students thinking more deeply the author shows students how to use the data structures provided in the java collections framework as well as teaching them how to build the code themselves using the java collections framework gives the students the opportunity to work with fully tested code also since this is a standard library of classes students will be able to continue to use it for other courses and as they move into industry another feature of this text is that labs are provided with the book they can be used as open labs closed labs or homework assignments and are designed to give students hands on experiences in programming these optional labs provide excellent practice and additional material
