The Chaonomicon 2018-06-26 what is chaos magic nearly forty years after its beginnings pagans and magicians are still asking the question or finding conflicting information online jaq d hawkins was the first chaos magician to write of the history and elements of chaos magic for a widespread audience now in this new volume that history is expanded and the concepts specialist terms and culture associated with chaos magic are clarified for a new generation of magic users basic concepts and methods associations with discordianism and the teachings of magicians of the past advice on how to survive the natural chaos that plagues those who choose the magical path or more precisely are chosen by it combine with an insightful perspective of the perversities of magic and the convoluted landscape of life through which the magical path leads us with some practical advice and basic spells designed to work within the very world of chaos wherein magic finds its direction this book is a simple yet unequalled sourcebook for dealing with the unpredictability of magic in a multiverse of natural chaos

excerpt from review by peter j carroll jaq d hawkins chaonomicon gives a fair sketch of the general history of chaos magic without going into excessive detail about the personalities and the inevitable personal squabbles involved she shows the history and genesis of many of the ideas that came together to create a new way of thinking about magic and new ways of doing it the book contains a particularly good analysis of the historic and current functions of the gods and goddesses of chaos and the relationship between the chaos that began in the uk and the discordianism that began in the usa the chaonomicon also describes many of the basic techniques of chaos magic in simple terms free from occult obscurantism so readers new to the subject can find much to try out experimentally excerpt from review by ray sherwin if this were a film it might be described as a roller coaster ride and as might be expected the views from the top panoramas of magick chaos science chaos literature and the mythos itself are replete with comprehensive detail and a profound understanding of the subject those looking for a how to manual should go elsewhere i referred to tertiary chaos as early as 1987 and chaos magick has matured even more since then as is evidenced in part by this book i recommend it highly

The Apophenion 2008 apophenion attacks most of the great questions of being free will consciousness meaning the nature of mind and humanity's place in the cosmos from a magical perspective some of the conclusions seem to challenge many of the deeply held assumptions that our culture has taught us so brace yourself for the paradigm crash and look for the jewels revealed in the wreckage this book contains something to offend everyone enough science to upset the magicians enough magic to upset the scientists and enough blasphemy to upset most transcendentalists

The Chaos Protocols 2016-04-08 the years since the financial crash have seen the realization dawn that the great promise of modern civilization will go unfulfilled study hard work hard buy a house retire happy it's all a lie spun for the benefit of a tiny elite the richest eighty five people on earth have as much wealth as the poorest 3.5 billion each month the numbers change but they never improve magical and spiritual discourse has failed to keep up with this new reality the chaos protocols aims to fix that join gordon white as he shows you how to use chaos magic not only to navigate these trying times but to triumph as well discover how to become invincible through initiation and wage the mind war that will keep you moving toward what you really want from sigil magic to working with spiritual allies the chaos protocols helps you act on the unwavering belief that your life should matter and you're not going to let something as trifling as the apocalypse get in the way of it praise gordon white gives a master class on the hard economic realities and the kind of low down and dirty magic for which he has become famous pragmatic sharp and funny the chaos protocols is a treasure of a book peter grey author of apocalyptic witchcraft take two parts magick without tears a measure of the wealth of nations a pinch of ian fleming and a dash of noel coward and you have this almost promiscuously readable text whoever said books on magick can't be fabulously entertaining as well as eminently practical has obviously not read up on their gordon white remedy that situation chris knowles author of the secret history of rock n roll and our gods wear spandex

Chaos Magic 2023-03-31 what is the pseudonomicon it s cthulhu mythos it s cthulhu madness it s a cthulhu pathworking first published in a very limited edition in 1994 and reprinted only once since the pseudonomicon has been extremely difficult to find by special arrangement with dagon productions we have brought it back in this revised and expanded edition of the pseudonomicon the author says disclaimer it is generally agreed by experienced magicians that working with the cthulhu mythos is dangerous due to the high risk of obsession personality disintegration or infestation by parasitic shells whilst giving this opinion due consideration i have decided to release this material since before the throne of azathoth questions of who is sane and who is mad become inconsequential and each god brings its own madness to know the god to be accepted by it to feel its mysteries well you have to let that madness wash over you and through you this isn t in the books of magic why for one thing it s all too easily forgotten and for an other you have to find it out for yourself and for those who would sanitise magic whitening out the wildness with explanations borrowed from pop psychology or science well madness is something that we still fear the great taboo so why did i choose cthulhu high priest of the great old ones lying dreaming death s dream in the sunken city forgotten through layers of time and water it sounds so simple to say that i merely heard his call but i did gods do not generally have a lot to say but what they do say is worth listening to with a new introduction and a completely new and greatly expanded section on banishing
